

**LIGHTHOUSE**  
Life Sciences

# TriZyme®

## NEUTRAL CAGE WASH DETERGENT

- More effective than competitive products on a wider range of soils
- Effectively breaks down and removes blood, bodily fluids, tissue, urine, fats, proteins, skin, hair, fecal matter and other debris.
- Fast, efficient, and completely compatible with all types of materials
- Safe for use by humans and in settings where animal contact with solution is unavoidable.
- Environmentally friendly, phosphate-free, and biodegradable
- Effective degreaser

**For use in both automated cage washers and manual use on a variety of equipment within the life science, veterinary, and research industries.**
